PA726
Android 7 Rugged Mobile Computer

Charge through your day with a work-heavy device. The new PA726 rugged handheld computer will revolutionize the way you do business. Featuring Android 7.1.2 for the most up-to-date Android experience, it combines the form factor of a 4G dual SIM card smartphone with the performance of an enterprise handheld computer. Stylish and intuitive with an integrated 1D/2D barcode scanner, the PA726 is a versatile data collection tool for every enterprise solution need.

Powerful Android 7.1 Platform
Built on the dependable Android platform, the PA726 powers through your work day by utilizing an advanced 64-bit Octa-Core CPU and 3GB RAM / 32GB ROM.

Advanced Touchscreen Technology
A roomy 4.7 inch Gorilla Glass touchscreen facilitates easy viewing with its sunlight readable display.

Superior Data Collection
An integrated 1D and 2D barcode scanner ensures accurate scanning while a 16MP rear camera and 5MP front camera captures the clearest images.

Sheer Durability
Through extensive testing in harsh conditions, the PA726 earned an IP65 rating so it can go with you virtually anywhere. And with a 5-foot drop rating, 6 with bumpers, it's also tough.

User-Friendly Functionality
This handheld proves itself invaluable with its hot swap battery, dual WLAN bands, and MDM software compatibility to Airwatch, SOTI, 12Management, and MoboLink.
